Want to add a colorful, unique and artistic installment to a building?

## How about creating an Art Wall...

ArtWare's Tile Wall program is one of the newest additions to the ArtWare product offering. It has been met with great success and continues to be one of the most popular programs ArtWare has to offer. ArtWare's Tile Wall Program is a particularly successful fundraiser because of its permanent nature. Children are especially excited and dedicated to this type of project and most parents cannot resist; making this a very profitable program.
